## PROFILE

---

I'm junior student of Izmir Institute of Technology ,it is provided 100% English education at my university.The number of students is minimum and it has a very dense and full academic content..

## EXPERIENCE

---

### LICENCE EDUCATION

I've worked with various types of projects one of due to the content of a lesson we took at school, we did a project on a ready breakfast with a group of friends (MCM). With this project, we aimed everyone to start the day with breakfast.I took more than one lab course and also worked as a volunteer in the lab last summer.(at Izmir Institute of Technology)
